

Table 1. Summary of data

Table 1 provides a summary of the data used in the analysis. The data are organized into two main sections: 'Data Collection' and 'Data Analysis'. The 'Data Collection' section includes information on the number of participants, the duration of the study, and the methods used to collect the data. The 'Data Analysis' section includes information on the statistical methods used to analyze the data.

Table 2. Summary of results

Table 2 provides a summary of the results of the analysis.
